    - Any other hardware related prototype : You can send a video of the working of your prototype through any platform of your liking, just remember to give the proper link and access to the link.

❖ **Note:** If you cannot send us the code, send the documentation with proper explanation of what your prototype does and how it works.

The Judgement Procedure:

➢ The 135 teams had to pass through 3 checks. Teams which weren't able to give their status reports, were eliminated after each check.

➢ At sharp 9PM we will be taking the submissions. You have to send the a PPT and if any other thing you have as a prototype

➢ By 2230 hours, the submissions will have been judged by a panel of 6 judges and you will be marked according to the marking scheme. Then we will be producing a list of top 25 teams which will qualify for the next round.

➢ By 2310 hours, another higher panel of 4 judges will judge the 25 teams and select the top 10 teams from them. Those 10 teams (team leader only) will be pitching in front of the next higher two chief judges.

➢ At sharp 2330 hours, the pitching session will start on Zoom conference. The team which won't be available by 2330 hours will be eliminated (as per the guidelines). Also, the Zoom conference will be broadcasted live on YouTube so that every participant can see the pitching. The video link will be emailed to you.
